

Club Casablanca

Enrollment Form

Over the years Casablanca owners have proven to be extremely passionate about video, excited about new techniques and incredibly loyal to the Casablanca line of editors. At MacroSystem, we credit our success and longevity to all of the support, feedback and collaboration with our end users that has allowed us to grow and change to suit their editing need and the needs of others in the industry.

The Casablanca Community is a strong and vibrant collection of people who share ideas, stories and solutions through our network of Bulletin Boards, the List Serve and User Groups.

We have created Club Casablanca to provide exclusive products and services to its members, to help them get the most out of their Casablanca editing experience, as a way of thanking them for their continued support.

Club Casablanca Benefits:

For only a \$49 yearly fee*, you will receive the following benefits:

- Ongoing 10% discount for all software
- 10% discount for all internal and external hard drives
- An Exclusive Club Member only software package every year
- Enrollment in the Smart Edit/Bogart Operating System Pre-Order program**
- Club-Only Specials announced throughout the year
- Casablanca Video Manuals DVDs are available to Club Members at a 50% discount

*Billed at time of enrollment, and in January of each following year

**This automatically places your pre-order for future Smart Edit/Bogart OS releases at 20% off

☐

YES, I would like to join
